

The ILPEX Recognition Program, Southern Illinois Healthcare and Southern Illinois University Economic Development present:

ENTERPRISE EXCELLENCE IN SOUTHERN ILLINOIS: BUILDING A COMPETITIVE FUTURE

October 30, 2018 • 10:30AM - 1:30PM

How will you positively impact economic development across Southern Illinois, all while improving your business competitiveness?

Benchmarking and continuous improvement activities based on the proven Baldrige Excellence Framework promote business competitiveness and are a guide to organizational excellence.

Together with Southern Illinois Healthcare and Southern Illinois University Economic Development, the ILPEX Recognition Program will share the benefits of the pursuit of enterprise excellence for your individual organizations and the greater community.

Hear the inspiring stories of improvement and growth from organizations in southern Illinois who pursue enterprise excellence through the ILPEX Recognition Program, and the impacts of their commitment to excellence.

Take a unique look at an evidence-based resource for improved results and competitiveness to help you:

- » Create a strategic guide for measuring success
- » Deliver objective feedback on strengths and opportunities for improvement
- » Engage leadership and create the future generation of leaders
- » Pursue unparalleled professional development

Don't miss this opportunity to identify your organizational improvement opportunities, and how you can drive enterprise excellence in your community. Join us for lunch and learn from the best!
