PRODUCING ESSENTIAL MEDICAL EQUIPMENT

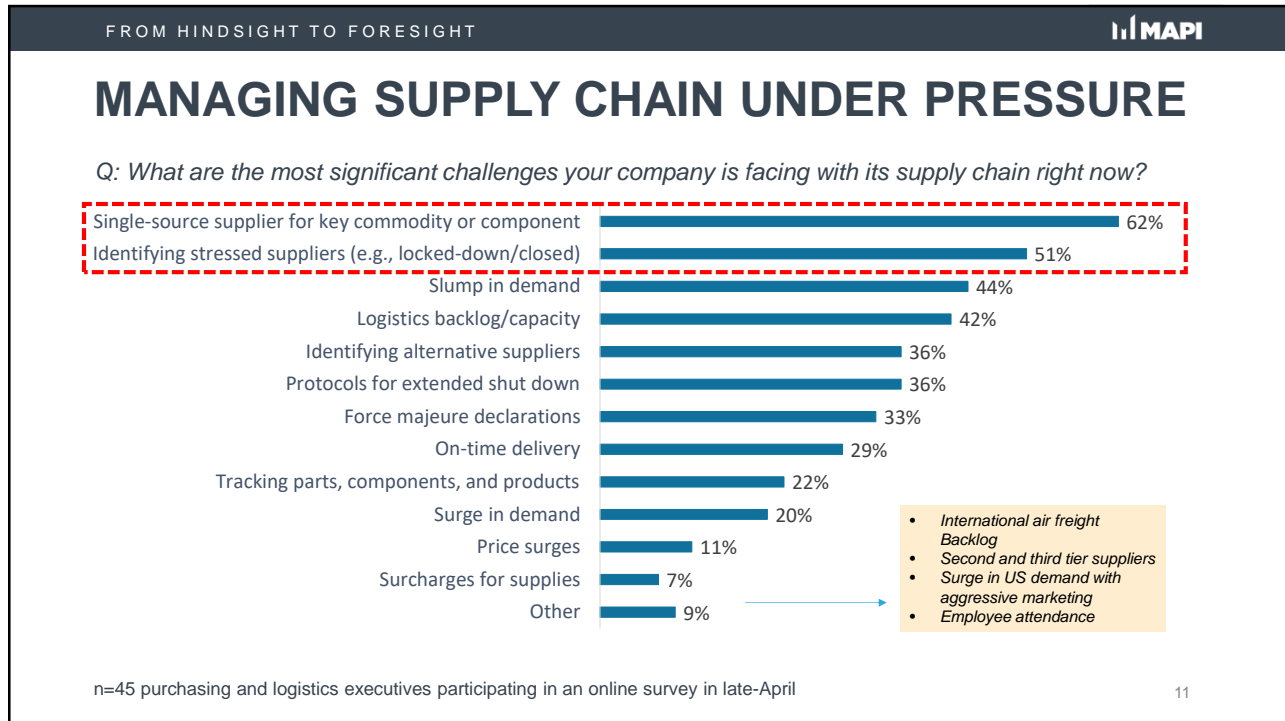

Q: What critical equipment or components is your company producing for the medical industry to respond to the COVID-19 pandemic?

Sample Response

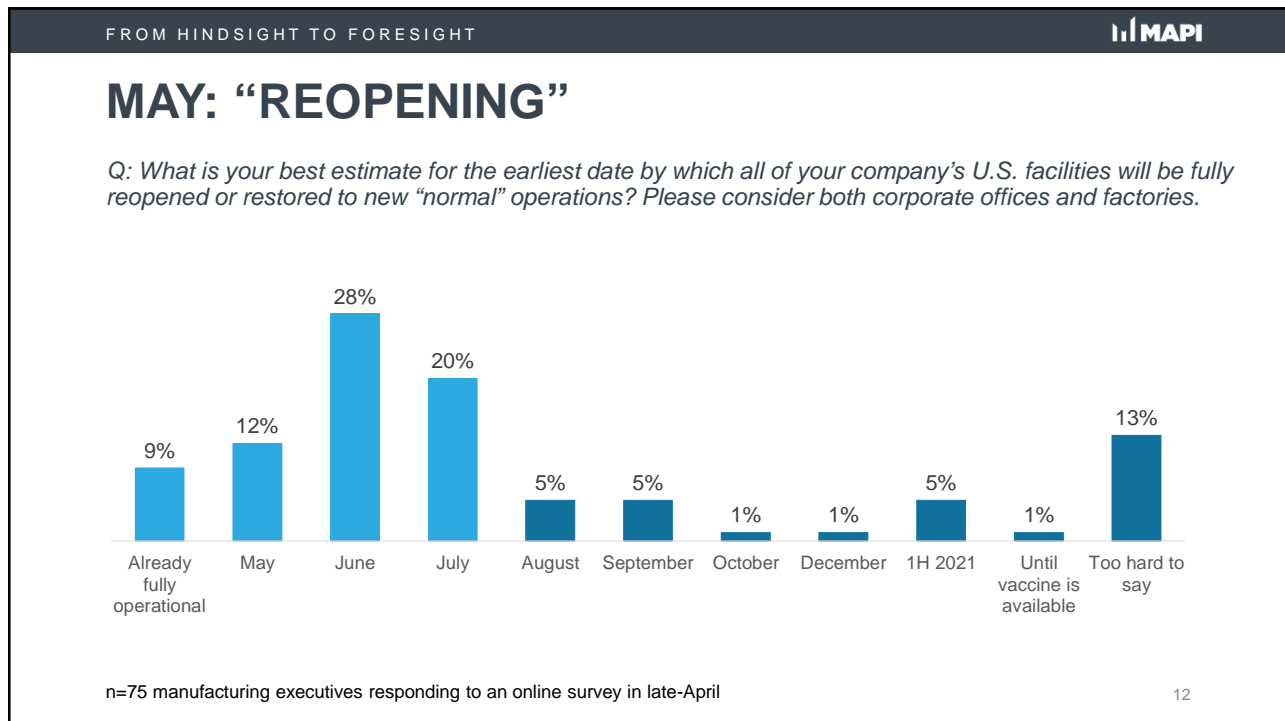

- Masks
- Face shields
- Respirators (including pumps, metals)
- Sanitizers
- Gloves
- HVAC systems for hospitals
- Semiconductor components to aid in virus detection
- Coils for equipment to produce COVID-19 test kits
- Cooling modules for medical transportation.
- Generators, power equipment, electrical components.
