Continuous Improvement

8

Move your skills into the Workplace

Learn how LEAN can help your organization

See how 5S can make your workplace more efficient and safer

Become a culture of problem solvers

Identify where you are going with Value Stream Mapping

9

What CI Does

Reduce or Eliminate Wastes in your Business

Improve Processes

Create a Skilled and Empowered Workforce

Allow for Growth

10

What CI Does Not Do

Make more work for everyone

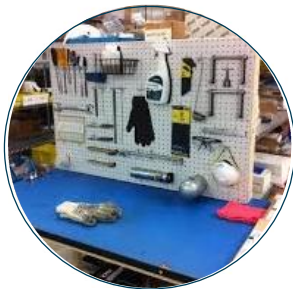

Require you spend lots of money

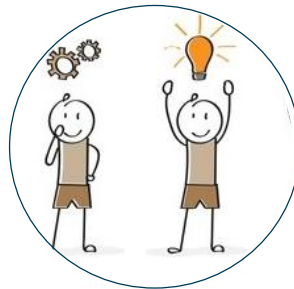

Difficult to understand

11

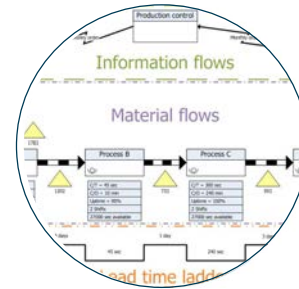

Results of CI

Lean / 5S:
Reduction of wastes leading to more efficient processes

Problem Solving:
Increased communication and workforce involvement

Value Stream Mapping:
Increased product output resulting in customer satisfaction

Success In Operations

"The process has been great," said Tom Belcher, Press Department Team Lead.
"The way IMEC handles both the project and our people is very effective. The video recording is very eye opening and their coaching helped keep everyone focused and moving in the right direction."

Results include: Improved employee morale and work station efficiency

"We know that it's easy to sit back and cut costs, but if you're not careful, you can also cut value to the customer. With IMEC's help, we eliminated unnecessary waste while producing the quality our customers expect." - Tom Seite, VP and General Manager

Results include: Consistent on-time delivery & Man-hours cut by one third to add text
