

PURPOSE:

Tapping into the collective knowledge of a peer group is powerful. The “Women’s IMEC BreakThrough Group” serves as a forum allowing members to solve problems collectively and maximize resources in the manufacturing industry.

Group membership supports the ability to adapt and innovate in a fast-changing environment and become a channel for new ideas and fresh perspectives. **Women who want to collaborate, connect and grow in the industry will benefit from this IMEC BreakThrough Group.**

HIGHLIGHTS

- A multitude of **VALUABLE INSIGHTS** from non-competing peers in the same industry.
- Companies **GROW FASTER** when they have members in roundtables.
- **CONNECT** with companies facing similar issues.
