

## IMEC BREAKTHROUGH GROUP

# Peer Leadership Roundtable

### DETAILS

## Who Should Join?

Key operations executives, high-performing team members, and emerging leaders from Illinois manufacturing companies

The IMEC BreakThrough Peer Group provides a confidential, professionally facilitated space for Illinois manufacturing professionals to collaboratively solve challenges, share insights, and enhance performance. Through virtual roundtables, participants connect with non-competing peers to discuss real-world issues, strengthen leadership skills, and accelerate growth and innovation. **Peer Groups are designed for Operations Managers, Senior Leaders, and Women.**

## Program Format

- Virtual to accommodate statewide participation
- Rotating facilitation by group members
- 6-month commitment for continuity
- No selling, but networking encouraged
- Professional facilitation

## Meeting Topics

- Best practices and performance metrics
- Process improvement results and successes
- Real-time problem-solving
- Current challenges and opportunities

### COLLECTIVE KNOWLEDGE

## Benefits and Expectations

Through virtual sessions, participants tap into the collective to solve problems and maximize resources. Key benefits include:

- **Valuable Insights:** Learning from peers in the same industry, facing similar challenges
- **Stronger Leadership:** Enhancing capabilities from exposure to diverse perspectives and strategies
- **Fresh Ideas:** Constant stream of new approaches
- **Meaningful Connections:** Deeper network in Illinois

### Participant Expectations:

- 6-month commitment with option for 1-year commitment
- Active participation and regular attendance
- Maintain confidentiality
- No selling policy
- Ongoing goal accountability and review
