

# MEPNN Supplier Scouting Opportunity Synopsis

## Section 1: General Information

Scouting Number	2026-219
Item to be Scouted	95% cotton and 5% Spandex Fabric
Days to be scouted	30
Response Due By	06/26/2026
Description	95% cotton and 5% Spandex material to create a hat, a head band and a chin sling

## Section 2: Technical Information

Type of supplier being sought	Manufacturer
Reason	New product startup
Describe the manufacturing processes (elaborate to provide as much detail as possible)	This material will be turned into a Hat, Chin sling and a facial head band. It will have Velcro sewn to it during production and a patch with the company logo sewn on as well. It will also be folded and sewn on one part to accommodate the storage of gauze material in the hat. The chin sling and headband will be attached using Velcro as well.
Provide dimensions / size / tolerances / performance specifications for the item	There are no specific dimensions for this product yet, but the fabric will need to be long enough/wide enough to create the hat, sling and headband.
List required materials needed to make the product, including materials of product components	We just need a fabric made from 95% cotton and 5% Spandex mix.
Are there applicable certification requirements?	No
Are there applicable regulations?	No
Are there any other standards, requirements, etc.?	No
Additional Technical Comments	

## Section 4: Business Information

Estimated potential business volume	TBD, volume will be determined based of demand
Estimated target price / unit cost information (if unavailable explain)	TBD, do not have a target price right now
When is it needed by?	End of June
Describe packaging requirements	TBD
Where will this item be shipped?	North Wilkesboro, North Carolina

## Additional Comments

Is there other information you would like to include?	This is a very new and early in development product with a new customer of ours. I am sorry about the lack of detailed information above on the business side. We just don't have that information at this time.
