

MEPNN Supplier Scouting Opportunity Synopsis

Section 1: General Information

Scouting Number	2026-276
Item to be Scouted	BABA: Wire Metal Shelving and Components
Days to be scouted	14
Response Due By	06/17/2026
Description	- Ventilated wire shelving systems (multiple lengths and depths) - Mounting brackets, standards, and hardware Technical Specifications:

Section 2: Technical Information

Type of supplier being sought	- Depths: 12 in. to 16 in. Manufacturer - Widths: 24 in. to 72 in.
Reason	Load Capacity: 50–100 lbs per linear foot NAICS Code: 332618 Steel Wire Production PS Code: 7125 Steel rod production Country of Origin: Non-US Wire drawing Wire sizing Minnesota
Describe the manufacturing processes (elaborate to provide as much detail as possible)	1. Steel Wire Production 2. Shelving Fabrication Wire cutting Resistance welding Shelf profile forming Rod integration 3. Surface Finishing Cleaning and pretreatment PVC coating application Epoxy coating application Curing processes 4. Accessory Manufacturing Bracket fabrication Standard fabrication Rod support fabrication Hardware production 5. Packaging and Distribution Quality control inspection Packaging Shipment to distributors and project sites
Provide dimensions / size / tolerances / performance specifications for the item	Standards Wall-mounted or track-mounted Anchored to wall studs Maximum Spacing 24 inches on center Finish White epoxy coating Bracket Depth Equal to shelf depth

List required materials needed to make the product, including materials of product components	Carbon steel wire Structural steel PVC coating materials Epoxy coatings Components Wire shelves Integral clothes rods Wall standards Adjustable brackets Shelf supports Fasteners Anchors Clips Mounting hardware Zinc coatings Corrosion-resistant finishes Polymer components Packaging materials
Are there applicable certification requirements?	No
Are there applicable regulations?	No
Are there any other standards, requirements, etc.?	No
Additional Technical Comments	Office Shelving Shelf with integral clothes rod Mounting height: 48 inches above finished floor Storage Room Shelving Shelf mounted 48 inches above finished floor Unit Coat Closets Shelf with integral clothes rod Accessible Units: 48 inches AFF Standard Units: 60 inches AFF Unit Clothes Closets Adjustable shelf and rod Adjustable range: 46 inches to 60 inches AFF Unit Linen Closets Shelves installed at: 12 inches AFF 26 inches AFF 48 inches AFF 66 inches AFF

Section 4: Business Information

Estimated potential business volume	138 closets (Four 4' sections per closet). 92 linen closets (Five 3' sections per closet)
Estimated target price / unit cost information (if unavailable explain)	\$15 per 4' section of wire shelving
When is it needed by?	Immediate
Describe packaging requirements	Bundles of 5-20 with plastic wrap and corrugated cardboard
Where will this item be shipped?	Minneapolis, MN

Additional Comments

Is there other information you would like to include?	Agency providing funds: MHFA (Minnesota Housing Finance Agency) Point of contact - Nick Hoelscher, nick.h@noorcompanies.com
