

MEPNN Supplier Scouting Opportunity Synopsis

Section 1: General Information

Scouting Number	2026-382
Item to be Scouted	BABA: Electrical System
Days to be scouted	30
Response Due By	08/21/2026
Description	Service entrance gear package Switchboard Panelboard

Section 2: Technical Information

Type of supplier being sought	Distribution panels Other Breakers
Details	Minimum feeders Aluminum feeders SER cable feeds
Reason	BABA Plastic boxes
Describe the manufacturing processes (elaborate to provide as much detail as possible)	Metal boxes Domestic components in each of the BABAA compliant manufactured products must exceed 55% of the total component cost and be assembled in the United States. May involve but is not limited to Die-casting or extrusion for aluminum parts or injection molding for plastic parts, CNC machining, powder coating or anodizing, painting or polishing, soldering, electrical assembly and/or mechanical assembly
Provide dimensions / size / tolerances / performance specifications for the item	Receptacle cover plates See attached specs and mechanical schedule for more information. Building lighting Exit Signs
List required materials needed to make the product, including materials of product components	Site lighting See attached specs and mechanical schedule for more information. Lighting control / occupancy sensors Disconnect switches Fire Alarm System
Are there applicable certification requirements?	Smoke / CO detectors / Strobes Yes Fire alarm cabling
Details	Must be able to supply BABAA manufactured product self-certification Manufactured product sheet that details a compliant product.
Are there applicable regulations?	Package engine generator assembly (standby) No Automatic transfer switch
Are there any other standards, requirements, etc.?	Surge protective device (SPD) - service entrance Surge protective device (SPD) - panelboard
Additional Technical Comments	Fuses (low voltage) See attached specs and mechanical schedule for more information. Lighting control panelboard
	Grounding electrode conductors / ground rods Grounding bus bars (TMGB/TGB) Grounding connectors / lugs
State item to be used in	Colorado

Section 4: Business Information

Estimated potential business volume	TBD post selection. Quantity not determined at this time. Cost should be the best available, and cannot increase the project cost by 25%.
Estimated target price / unit cost information (if unavailable explain)	TBD post selection. Cost should be the best available, and cannot increase the project cost by 25%.
When is it needed by?	Q3 - 4 2026
Describe packaging requirements	Best available. Must arrive undamaged. Specifics discussed in negotiation.
Where will this item be shipped?	Colorado

Additional Comments

Is there other information you would like to include?	Agency providing funds - HUD Name/POC for BABA related questions - Sullivan Staires Email address of contact - Sullivan.Staires@okalliance.com Nationwide Search Provide written documentation in response to the Supplier Scouting request of being a current Build America Buy America Act compliant Electrical System manufacturer with experience in manufacturing the system components, meeting the product performance requirements. Information on BABAA compliance requirements can be found at the Made in America Office link https://www.madeinamerica.gov/. Crossbar Commons
