

MEPNN Supplier Scouting Opportunity Synopsis

Section 1: General Information

Scouting Number	2026-446
Item to be Scouted	BABA: Garbage Disposals
Days to be scouted	14
Response Due By	08/19/2026
Description	We need BABA compliant garbage disposals for a HUD Project.
State item to be used in	Montana

Section 2: Technical Information

Type of supplier being sought	Manufacturer
Reason	BABA
Describe the manufacturing processes (elaborate to provide as much detail as possible)	Assembly in any way as long as it's BABA Compliant
Provide dimensions / size / tolerances / performance specifications for the item	Wall Switch Control, Single Phase, 1/2 HP, 120 CV, 60Hz, 6.3 amp, 11-1/2" height, factory installed cord. Non-compliant equivalent is Insinkerator Badger 5 (https://www.insinkerator.com/documents/badger-5-specifications-en-us-121004.pdf)
List required materials needed to make the product, including materials of product components	The InSinkErator Badger 5 is constructed primarily from galvanized steel for the outer housing and grinding chamber to provide structural rigidity and corrosion resistance. The internal grinding elements, such as the impellers and grind ring, are made of hardened steel or cast iron to withstand high-impact food waste. The motor assembly utilizes copper for the electrical windings, silicon steel for the laminations, and aluminum or die-cast alloys for the end bells. Additionally, the unit incorporates synthetic rubbers and elastomers for the mounting rings and seals to reduce vibration and prevent leaks, while industrial plastics are used for various internal clips and electrical connectors."
Are there applicable certification requirements?	No
Are there applicable regulations?	No
Are there any other standards, requirements, etc.?	No
Additional Technical Comments	

Section 4: Business Information

Estimated potential business volume	Up to 30
Estimated target price / unit cost information (if unavailable explain)	If you make it domestically we can talk price.
When is it needed by?	ASAP
