| Type of supplier being sought                                                                 | Fire protection - FDC<br>Other<br>Fire protection escutcheons                                                                                                                                                                                                                                                                                                                                                  |
| Details                                                                                       | Distributor/manufacturer                                                                                                                                                                                                                                                                                                                                                                                       |
| Reason                                                                                        | Colorado<br>BABA                                                                                                                                                                                                                                                                                                                                                                                               |
| Describe the manufacturing processes (elaborate to provide as much detail as possible)        | Domestic components in each of the BABAA compliant manufactured products must exceed 55% of the total component cost and be assembled in the United States. May involve but is not limited to Die-casting or extrusion for aluminum parts or injection molding for plastic parts, CNC machining, powder coating or anodizing, painting or polishing, soldering, electrical assembly and/or mechanical assembly |
| Provide dimensions / size / tolerances / performance specifications for the item              | See attached specs and mechanical schedule for more information                                                                                                                                                                                                                                                                                                                                                |
| List required materials needed to make the product, including materials of product components | See attached specs and mechanical schedule for more information                                                                                                                                                                                                                                                                                                                                                |
| Are there applicable certification requirements?                                              | Yes                                                                                                                                                                                                                                                                                                                                                                                                            |
| Details                                                                                       | Must be able to submit BABAA manufactured product self-certification manufactured product letter that details a compliant product.                                                                                                                                                                                                                                                                             |
| Are there applicable regulations?                                                             | No                                                                                                                                                                                                                                                                                                                                                                                                             |
| Are there any other standards, requirements, etc.?                                            | No                                                                                                                                                                                                                                                                                                                                                                                                             |
| Additional Technical Comments                                                                 | See attached specs and mechanical schedule for more information                                                                                                                                                                                                                                                                                                                                                |

## Section 4: Business Information

|                                                                         |                                                                                                                                           |
|-------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Estimated potential business volume                                     | TBD post selection. Quantity not determined at this time. Cost should be the best available, and cannot increase the project cost by 25%. |
| Estimated target price / unit cost information (if unavailable explain) | TBD post selection. Cost should be the best available, and cannot increase the project cost by 25%.                                       |
| When is it needed by?                                                   | Q4 2026                                                                                                                                   |
| Describe packaging requirements                                         | Best available. Must arrive undamaged. Specifics discussed in negotiation.                                                                |
| Where will this item be shipped?                                        | Colorado                                                                                                                                  |
